MAHINA EXPEDITIONS

2007 2008 EXPEDITIONS

If you'd like to learn more about the places we will visit during your expedition, we recommend a general travel guide. We use Lonely Planet, Insight and DK Eyewitness guides.

Lonely Planet provide excellent cultural insights and are aimed at budget-moderate travelers.
Insight guides are physically larger and have gorgeous color, great background and history.
DK Eyewitness guides provide smaller photos, lots of maps and diagrams as well as hotel info.

Armchair Sailor stocks or can order any of these for each country we visit.
